**Temperature Diode Sensor Placement**

*after August 2005 Mimir Servicing*

- **T1-T8** = Temperature Monitor
  - LS 218 Sensors
- **TA1, 2, 3** = Temperature Sensors (One only is selected outside cryostat to LS331 TA = Loop A input)
- **TB** = Temperature Controller Sensor
- **R1, 2, 3** = Resistor Heaters (one only is selected for LS331 Loop 1)
- **L2** = Resistor Heater for LS 331 Loop #2 (1 Watt)
