PLAGIARISM POLICY
Plagiarism is the act of representing someone else’s creative and/or academic work as your own, in full or in part. It can be an act of commission, in which one intentionally appropriates the words, pictures or ideas of another, or it can be an act of omission, in which one fails to acknowledge/document/give credit to the source, creator and/or the copyright owner of those works, pictures or ideas. Any fabrication of materials, quotes or sources, other than that created in a work of fiction, is also plagiarism. Plagiarism is the most serious academic offense that you can commit and can result in probation, suspension or expulsion. Boston University College of Communication Plagiarism Policy

UNIVERSAL ACADEMIC CONDUCT CODE
Be sure to read and comply with Boston University’s Universal Academic Conduct Code for undergraduate students. Read @ bu.edu/academics

MAC LAB COURTESY
Phones, food and drinks should not be on the desks, please put them away.
Texting, email or browsing will adversely affect your ability to learn (and make me sad).

STRATEGIES FOR SUCCESS
Attend every class, take notes & ask questions. Create a folder for this course and save all of your work in the folder.
Read the book and online recommended readings.
Prepare your work for critiques and complete each project by the suggested completion date.
During presentations, if a software process is unclear, ask to see the process demonstrated again, your question may even help others in the class.
Refer to your syllabus to plan ahead for supplies and suggested project due dates. Save all of your related files into project folders.
Spend a few minutes after every class reviewing notes, handouts and new software processes.
Prepare what you will say, test drive your presentation, and adjust for any malfunctions before the day of class presentations.
Strive for excellence in every assignment: in class and projects.
Treat everyone with courtesy & enjoy the process.
