

November 15, 2017

Pierre Perron

Address (office):

Department of Economics, Boston University, 270 Bay State Rd., Boston, MA, 02215.

Telephone: (617) 353-3026; FAX: (617) 353-4449; e-mail: perron@bu.edu;

Web: <http://people.bu.edu/perron>.

Citizenship: Canadian; US Status: Permanent Resident

Date of birth: 03/14/59

Languages: French, English, some Portuguese

EDUCATION

1982-1986: Ph.D. (Economics), Yale University, CT, U.S.A., May 1986. Thesis: "Hypothesis Testing in Time Series Regression with a Unit Root," Distinction.

1981-1982: M.A. (Economics), Queen's University, Kingston, Canada, October 1982.

1978-1981: B.A. (Economics), McGill University, Montréal, Canada, June 1981, First Class Honors.

PROFESSIONAL EXPERIENCE

1997 - : Professor, Department of Economics, Boston University.

1994-1997 : Full Professor (Professeur Titulaire), Département de sciences économiques, Université de Montréal; 1992-1994: Associate Professor (Professeur Agrégé), Département de sciences économiques, Université de Montréal; 1988-1992: Assistant Professor, Department of Economics, Princeton University; 1986-1988: Assistant Professor (Professeur Adjoint), Département de sciences économiques, Université de Montréal; 1985-1986: Lecturer (Chargé de cours), Département de sciences économiques, Université de Montréal.

b) Research Centers: 1995-1997: Director, Centre de recherche et développement en économique (C.R.D.E.), Université de Montréal; 1993-1995: Assistant Director, Centre de recherche et développement en économique (C.R.D.E.), Université de Montréal; 1986-2002 : Research Associate, Centre de recherche et développement en économique (C.R.D.E.), Université de Montréal.

c) Visiting Positions: 2004, 2002, 2000, 1998 and 1995: Visiting Professor, Pontificia Universidade Catolica, Rio de Janeiro, Brasil; 1999: Visiting Professor, Université de Bourgogne, Dijon, France; 1997 and 1995: Visiting Professor, Universidade de Sao Paulo, Brasil; 1996: Visiting Scholar, Centre de Recherche en Économie et Statistique, Institut Nationale de la Statistique et des Études Économiques, Paris, France; 1996: Visiting Professor, Département d'Économétrie et d'Économie Politique, Université de Lausanne, Suisse.; 1994: Visiting Scholar, Département de Statistiques, Université Libre de Bruxelles, Belgium.

d) Others: 1986-1987: Economic Consultant, Canadian Economic Council; 1986: Economic Consultant, Club du Sahel, O.E.C.D.

OTHER PROFESSIONAL ACTIVITIES

Co-Editor: Econometrics Journal (2003-2013).

Honorary Member of the Editorial Board: Economía Coyuntural (Bolivia) (2017-).

Advisory Editor: Journal of Time Series Econometrics (2008-); Open Economics (2016-).

Guest-Editor: Journal of Time Series Analysis, Special Issue on the “Application of time series methods to climate change issues”, 2016-17; Econometrics: Special Issue on “Unit root and structural change”, 2016-17.

Associate Editor: Journal of Econometrics (1998-2006); Research in Economics (2016 -).

Member of the Editorial Board of: Annales d'Économie et de Statistique (1992-2006), Canadian Journal of Economics (1991-1994), Econometric Reviews (1991-2002), Econometric Theory (1992-1995), Econometrica (1993-2002), Economia Aplicada (1997 -), Economics Letters (1994-2003), Review of Economics and Statistics (1992-2002), Revista de Econometria (1993 -).

Member of the Grant Panel Review for the International Opportunities Fund of the Social Sciences and Humanities Research Council of Canada (2008-2009).

Member of the International Scientific Committee for *Actualité Économique*.

Member of the Executive committee for the: Canadian Economic Association (1995-1997)

Referee for:

Scientific Journals:

L'Actualité Économique, Annales d'Économie et de Statistique, The American Economic Review, Annals of Statistics, Applied Economics, Bernoulli, the Bulletin of Economic Research, Business and Economics Letters, the Canadian Journal of Economics, the Canadian Journal of Statistics, Climatic Change, Communications in Statistics (Series B, Theory and Methods), Communications in Statistics (Simulation and Computation), Econometric Reviews, Econometric Theory, Econometrica, Econometrics, The Econometrics Journal, Economic Inquiry, Economic Journal, Economic Reviews, Economica, Empirica: The Austrian Journal of Economics, Economic Modelling, Economics Letters, Empirical Economics, The Energy Journal, European Economic Review, Explorations in Economic History, Finance, Geneva Papers on Risk and Insurance Theory, Global Finance Journal, the International Economic Review, German Economic Review, International Journal of Climatology, International Journal of Forecasting, International Mathematical Statistics, the International Review of Economics and Finance, the Journal of Agricultural Economics, the Journal of the American Statistical Association, the Journal of Applied Econometrics, the Journal of Applied Statistics, the Journal of Banking and Finance, the Journal of Business and Economic Statistics, the Journal of Climate Change, the Journal of Computational and Graphical Statistics, the Journal of Computational Statistics and Data Analysis, the Journal of Development Economics, the Journal of Econometrics, the Journal of Economic Behavior

and Organization, the Journal of Economic Dynamics and Control, the Journal of Economic Education, the Journal of Economic History, the Journal of Economic Integration, the Journal of Economic Studies, the Journal of Economics and Business, the Journal of Empirical Finance, the Journal of Environmental Economics and Management, the Journal of Financial Research, the Journal of Forecasting, the Journal of International Economic Integration, the Journal of International Economics, the Journal of International Money and Finance, the Journal of International Trade and Economic Development, the Journal of the Japanese and International Economies, the Journal of Macroeconomics, the Journal of Monetary Economics, the Journal of Money, Credit and Banking, the Journal of Multivariate Analysis, the Journal of Peace Research, the Journal of Political Economy, the Journal of Quantitative Economics, the Journal of the Royal Statistical Society (Series B), Journal of Statistical Computation and Simulation, the Journal of Statistical Planning and Inference, Journal of Time Series Analysis, the Manchester School, Nova Economia, Oxford Bulletin of Economics and Statistics, Oxford Economic Papers, Public Finance Review, Quantitative Finance, the Quarterly Journal of Business and Economics, the Quarterly Journal of Economics, the Quarterly Review of Economics and Finance, the Review of Economic and Statistics, The Review of Economic Studies, the Review of Financial Economics, the Review of International Economics, Revista de Econometria, Sankhya, the Scandinavian Journal of Economics, the Scandinavian Journal of Statistics, Social Science Quarterly, the Southern Economic Journal, Statistics and Probability Letters, World Development.

Grant Agencies:

Fonds pour la Formation de Chercheurs et l'Aide à la Recherche du Québec, Social Sciences and Humanities Research Council of Canada, Natural Sciences and Engineering Council of Canada, National Science Foundation, The Economic and Social Research Council (U.K.), Research Grants Council of Hong Kong, ESRC (United Kingdom).

Publishers:

Basil Blackwell Publishers, Harper and Row Publishers, MIT Press, Addison Wesley Longman.

Member of the Program Committee of:

The 1994 Summer Meeting of the Econometric Society, Québec; The 1995 World Meeting of the Econometric Society, Tokyo; The 1996 Summer Meeting of the Econometric Society, Iowa City. The 2004 Summer Meeting of the Econometric Society, Providence, RI. The 2007 Latin American Econometric Society Meeting, Bogota, Columbia. Co-Chair of the program committee of the 2009 North American Summer Meeting of the Econometric Society (Boston, June 4-7, 2009).

Member of the:

American Economic Association, Econometric Society, American Finance Association, Amer-

ican Statistical Association, Canadian Economic Association, Institute of Mathematical Statistics, Société Canadienne de Sciences Économiques (1986-2002).

AWARDS, HONOURS AND SCHOLARSHIPS

- According to Web of Science, 3 of my papers are in the top 50 most cited papers in *Econometrica* published since 1950: #16 (published in 1989), #29 (published in 1998), #38 (published in 2001).
- The 2017 JTSA paper with Francisco Estrada was included by Wiley-statistics as part of a small collection of papers made open access to celebrate European Statistics Day focusing on the theme of 'Better Data. Better Lives.' (<http://www.statisticsviews.com/details/news/10668209/Celebrate-European-Statistics-Day.html>).
- Reached 50,000 Google cites on 2/17/2017.
- The 1988 *Biometrika* paper "Testing for a Unit Root in Time Series Regression" crossed the 10,000 number of Google cites in 2014. It is the 3rd highest ranked paper in the history of the journal; see D.M. Tittleington (2013), "Biometrika highlights from volume 28 onwards", *Biometrika* 100, 17-73.
- Elected Fellow of the Econometric Society (2007).
- Original Member, Highly Cited Researcher in the categories "Mathematics" and "Business/Economics", ISI Thomson Scientific.
- Fellow of the *Journal of Econometrics*.
- Presentation of the 1998 Jacob Marshack Lecture of the *Econometric Society* at the Latin American Meeting in Lima, Peru (August 14, 1998).
- *Econometric Theory Multa Scripsit Award* (November 1996); *Econometric Theory Plura Scripsit Award* (November 2008).
- According to REPEC (2/10/16), the paper "Pitfalls and Opportunities: What Macroeconomists Should Know About Unit Roots," *NBER Macroeconomics Annual*, Vol. 6 (1991), O.J. Blanchard and S. Fisher (eds.) (with John Y. Campbell), 141-201, is the 4th most cited NBER chapter; see <http://citec.repec.org/s/2015/nbrnberch.html>.
- Prix Triennal de la Société Canadienne de Sciences Économiques, 1994 (Prize awarded every three years for outstanding research contributions).
- Listed in *Who's Who in Economics: A Biographical Dictionary of Major Economists 1700 to 1995*, edited by M. Blaug, 1999 Edwin Elgar Publishing.

- 1982-1986: Graduate School Alumni Association Fellow in Economics (Yale University), Yale University Scholarship, Social Sciences and Humanities Research Council of Canada Scholarship (S.S.H.R.C.).
- 1981-1982: S.S.H.R.C. Special M.A. Scholarship, Queen’s University Bursary.
- 1979-1981: The Allan Oliver Gold Medal in Economics, the Cherry Prize in Economics, the James McGill Award, the June Redpath Exhibition Award, the McDonald Scholarship, the M.H. Betty Bursary, University Scholar, Faculty Scholar (all from McGill University).

CITATIONS:

The following figures are from Google Scholar as of February 7, 2017:

- Total number of cites: 49,859. The addition to the number of cites in 2016 was 5,081.
- Papers with 10,000+ cites: 1; 7,000-10,000: 1; 3,000-6,000: 3; 2,000-3,000: 1; 1,000-1,999: 5; 500-1,000: 4; 100-499: 21.
- Total number of cites from the SSCI in 2015: 1297; in 2014: 1183; 2013: 1210; in 2012: 1,124; in 2011: 814; 2010: 767; in 2009: 814; in 2008: 767; in 2007: 514; in 2006: 519; in 2005: 428; in 2004: 334; in 2003: 327; in 2002: 338; in 2001: 320; in 2000: 293; in 1999: 277; in 1998: 284; in 1997: 348; in 1996: 319; in 1995: 269.

GRANTS:

2007-2010: National Science Foundation, “Structural Changes, Level Shifts in Variance and the Frequency of Permanent Shocks”, Grant SES-0649350, \$216,126. 2000-2003: National Science Foundation, “Multiple Structural Changes with Deterministic and Stochastic Trends”, Grant SES-0078492, \$227,449. 1999-2002: Fonds pour la Formation de Chercheurs et l’Aide à la Recherche du Québec (with Bryan Campbell, Marcel Dagenais, Jean-Marie Dufour, Nour Medahi, Roch Roy): “Problèmes d’économétrie des séries chronologiques en macroéconomie et en finance”, \$197,000 (CAN). 1996-1999: Social Sciences and Humanities Research Council of Canada. 1996-2000: Natural Sciences and Engineering Council of Canada. 1996-1999: Fonds pour la Formation de Chercheurs et l’Aide à la Recherche du Québec (with Marcel Dagenais, Jean-Marie Dufour, Eric Ghysels, Marc Hallin and Serena Ng). 1993-1994: Programme d’Analyses et de Recherches Économiques Appliquées au Développement International (PARADI), A.C.D.I. 1993-1996: Social Sciences and Humanities Research Council of Canada. 1993-1996: Natural Sciences and Engineering Council of Canada. 1993-1996: Fonds pour la Formation de Chercheurs et l’Aide à la Recherche du Québec (with Marcel Dagenais, Jean-Marie Dufour, Eric Ghysels, Alastair Hall and Marc Hallin). 1992-1993: CAFIR (Université de Montréal). 1991-1993: National Science Foundation. 1990-1993: Fonds pour la Formation de Chercheurs et l’Aide à la Recherche du Québec (with Jean-Marie Dufour, Eric Ghysels, Alastair Hall, Marc Hallin and Victoria Zinde-Walsh). 1989-1991: Social Sciences and Humanities Research Council of Canada

(with Jean-Marie Dufour). 1988-1991: Natural Sciences and Engineering Council of Canada. 1987-1990: Fonds pour la Formation de Chercheurs et l'Aide à la Recherche du Québec (with Jean-Marie Dufour and Eric Ghysels). 1987-1989: Social Sciences and Humanities Research Council of Canada (with Jean-Marie Dufour). 1986-1987: CAFIR (Université de Montréal).

REFEREED JOURNAL ARTICLES

1. "Testing the Random Walk Hypothesis: Power versus Frequency of Observation," *Economics Letters* 18 (1985), 381-386 (with Robert J. Shiller). Reprinted in *Financial Econometrics*, A. Lo (ed.), Edward Elgar Publishing Ltd.

ARTICLES FORTHCOMING

1. “A Comparison of Alternative Methods to Construct Confidence Intervals for the Estimate of a Break Date in Linear Regression Models,” (with Seong Yeon Chang), forthcoming in *Econometric Reviews*.
2. “Combining Long Memory and Level Shifts in Modeling and Forecasting the Volatility of Asset Returns” (with Rasmus T. Varneskov), forthcoming in *Quantitative Finance*.

PAPERS SUBMITTED OR UNDER REVISION

1. "Inference Related to Common Breaks in a Multivariate System with Joined Segmented Trends with Applications to Global and Hemispheric Temperatures" (with Dukpa Kim, Tatsushi Oka and Francisco Estrada), January 2017; Revised October 2017, revisions requested by and sent to the *Journal of Econometrics*.
2. "Testing for Common Breaks in a Multiple Equations System," (with Tatsushi Oka), July 2011; Revised May 2017, revisions requested by and sent to the *Journal of Econometrics*.
3. "Structural Breaks in Time Series," (with Alessandro Casini), submitted to the *Oxford Research Encyclopedia of Economics and Finance*.

OTHER DOCUMENTS PRODUCED

1. "Forecasting in the Presence of In and Out of Sample Breaks," (with Jiawen Xu), Revised January 30, 2017.
2. "Temporal Aggregation, Bandwidth Selection and Long Memory for Volatility Models" (with Wendong Shi), June 2014.
3. "Robust Testing of Time Trend and Mean with Unknown Integration Order Errors," (with Jiawen Xu), March 2013.
4. "Breaks, Trends and the Attribution of Climate Change: a Time-series Analysis" (with Francisco Estrada), March 2012.
5. "Testing for Breaks in Coefficients and Error Variance: Simulations and Applications," (with Jing Zhou), July 2008.
6. "Testing Jointly for Structural Changes in the Error Variance and Coefficients of a Linear Regression Model," (with Jing Zhou), July 2008.
7. "An Analytical Evaluation of the Log-periodogram Estimate in the Presence of Level Shifts," (with Zhongjun Qu), June 2004, revised November 2007.
8. "A Test for Changes in a Polynomial Trend Function for a Dynamic Time Series," mimeo, Princeton University, April 1991, revised July 1991.
9. "Macroeconomics and the Canadian Income-Security System: An Overview," Discussion Paper No. 336, Economic Council of Canada, September 1987.
10. "The Evolution of Poverty in Canada, 1970-1985," Discussion Paper No. 343, Economic Council of Canada, February 1988 (with François Vaillancourt).

SUPERVISION OF PhD THESES:

1st reader, co-chair or main advisor (first/current job, BU=Boston University):

René Garcia (PhD, 1992, Princeton): Université de Montréal.
Serena Ng (PhD, 1993, Princeton): Université de Montréal / Columbia University.
Timothy J. Volgelsang (PhD, 1993, Princeton): Cornell / Michigan State University.
Cosme Vodounou (PhD, 1996, Université de Montréal): INSEA (Benin) / Afristat.
Gabriel Rodríguez (PhD, 1999, Université de Montréal): U. d'Ottawa / PUC-Peru.
Xiaokang Zhu (PhD, 2001, BU): Cornerstone Research / Longqi Scientific Investment.
Zhongjun Qu (PhD, 2005, BU): University of Illinois at UC / Boston University.
Tomoyoshi Yabu (PhD, 2006, BU): Bank of Japan / Keio University
Ai Deng (PhD, 2006, BU): Bates and White LLC.
Tatsuma Wada (PhD, 2006, BU): Wayne State University / Keio University.
Mohitosh Kejriwal (PhD, 2007, BU): Purdue University.
Dukpa Kim (PhD, 2007, BU): University of Virginia / Korea University.
Jing Zhou (PhD, 2008, BU): Black Rock / Orient Securities Company Limited.
Yohei Yamamoto (PhD, 2009, BU): University of Calgary / Hitotsubashi University.
Yunpeng Zhang (PhD, 2009, BU): Black & Veatch, EMS/ State Street.
Tatsushi Oka (PhD, 2010, BU): National University of Singapore / Monash U.
Linxia Ren (PhD, 2011, BU): SAS / KPMG.
Adam McCloskey (PhD, 2011, BU): Brown University.
Sungju Chun (PhD, 2012, BU): Korea Insurance Research Institute / Gachon U. (Korea).
Wendong Shi (PhD, 2013, BU): Renmin University.
Ye Li (PhD, 2013, BU): Moody's Analytics / Deloitte.
Jiawen Xu (PhD, 2013, BU): Shanghai University of Finance and Economics.
Seong Yeon Chang (PhD, 2014, BU): Xiamen University.
Jie Hou (PhD, 2014, BU): Capital University of Economics and Business (China).
Aparna Dutta (PhD, 2015, BU): Bates and White LLC.
Mingli Chen (PhD, 2015, BU): The University of Warwick.
Francisco Estrada (PhD, 2015, Vrije Universiteit, Environmental Economics): ITAM.

Member of the thesis committee (2nd or 3rd reader):

Mau-Ting Lin (PhD, 2003, BU); National University of Singapore.
Marco Morales (PhD, 2007, BU): Universidad Diego Portales.
Rodrigo Alfaro (PhD, 2008, BU): Banco Central de Chile.
Yang K. Lu (PhD, 2009, BU): Hong Kong University of Science and Technology.
Shinsuke Ikeda (Ph.D, 2010, BU): Graduate Institute of Policy Studies, Tokyo, Japan.
Denis Tkachenko (PhD, 2012, BU): National University of Singapore.
Tszkin Julian Chan (PhD, 2015, BU): Bates and White LLC.
Fan Zhuo (PhD, 2016, BU): Amazon.

François Guay (PhD, 2016, BU): Cornerstone Research, Boston.
Yuan Tian (PhD, 2017, BU): Alibaba (China).

External Member of the Dissertation Committee:

Regina Celia Cati (PhD, 1995, USP, Brazil): USP / BU.
Milton Barossi Filho (PhD, 1997, USP, Brazil): USP.
Ana Gómez Loscos (PhD, 2010, Universidad de Zaragoza): Banco de Espana.

SEMINARS AND CONFERENCES

- “Modeling and Forecasting Stock Return Volatility Using a Random Level Shift Model,” Keynote Speaker at the Canadian Econometric Study Group (Montreal, September 28, 2008).
- “On the Usefulness or Lack Thereof of Optimality Criteria for Structural Change Tests,” Concordia University (Montreal, September 25, 2008), University of Virginia (May 5, 2009).
- “Estimating and Testing Multiple Structural Changes in Models with Endogenous Regressors”, Boston University (September 19, 2008).
- “Testing Jointly for Structural Changes in the Error Variance and Coefficients of a Linear Regression Model,” Keynote Speaker at the Latin American Econometric Society Meeting, Bogota, Columbia (October 4, 2007), Workshop on Change-Point Detection Methods and Applications (Paris, AgroParisTech, September 11, 2008), Bates and White Antitrust Conference (Washington, June 1, 2009).
- “GLS-based Unit Root Tests with Multiple Structural Breaks both Under the Null and the Alternative Hypotheses,” Keynote Speaker at the conference in honour of the retirement of Paul Newbold, Univeristy of Nottingham, September 22, 2007), Seminar at Boston University (September 14, 2007).
- “Multiple Structural Changes in Cointegrated Regression Models: Issues in Estimation and Inference” Duke University (April 26, 2007).
- “Assessing the Relative Power of Structural Break Tetsts Using a Framework Based on the Approximate Bahadur Slope,” Keynote Speaker at the Conference “Breaks and persistence in econometrics” (CASS Business School, London, December 12, 2006).
- Let’s Take a Break: Trend-Cycle Decompositions in Macroeconomic Time Series,” Keynote Speaker at the Conference “New Developments in Macroeconomic Modelling and Growth Dynamics” (Faro, Portugal, September 9, 2006).

- “An Analytical Evaluation of the Log-periodogram Estimate in the Presence of Level Shifts and its Implications for Stock Return Volatility,” Boston University (December 10, 2004), Harvard/MIT Econometrics Workshop (December 8, 2005), University of Alabama (March 31, 2006), Keynote speaker at the ESRC Econometric Study Group, Bristol (July 15, 2006), Instituto Superior de Economia e Gestão (ISEG), Universidade Técnica de Lisboa (September 5, 2006), Brown University (November 10, 2006).
- “Structural Breaks with Stochastic and Deterministic Trends,” Pontificia Católica Universidade de Rio de Janeiro, Brazil (June 7, 2002), ITAM, Mexico (October 11, 2002), International Conference on Modelling Structural Breaks, Long Memory and Stock Market Volatility, Cass Business School, City University of London (December 6-7, 2002), Brown University (October 2003).
- “Computation and Analysis of Multiple Structural Change Models,” The 1998 Jacob Marschack Lecture of the Econometric Society delivered in Lima, Peru (August 14, 1998), The MIT/Harvard Econometrics Seminar (October 8, 1997), Cornell University (October 27, 1998), Brown University (November 6, 1998), Princeton University (November 24, 1998), Université De Bourgogne (June 11, 1999), University of Zaragoza, Spain (June 15, 1999), University of Valencia, Spain (June 18, 1999), Pontificia Católica Universidade de Rio de Janeiro, Brazil (June 2, 2000), Fundação Getulio Vargas, Rio de Janeiro, Brazil (June 8, 2000), Universidade de São Paulo, Brasil (June 15, 2000), University of Houston/Rice (September 22, 2000).
- “The FCLT with Dependent Errors: An Helicopter Tour of the Quality of the Approximation,” XX Encontro Brasileiro de Econometria, Vitoria, Brasil (December 14, 1998).
- “Sampling Interval and Estimated Betas: Implications for the Presence of Transitory Components in Stock Returns,” Boston University (October 7, 1998).
- “GLS Detrending, Efficient Unit Root Tests and Structural Change,” Latin American Meeting of the Econometric Society, Lima, Peru (August 13, 1998).
- “Lag Length Selection and the Construction of Unit Root Tests with Good Size and Power,” Pontificia Católica Universidade de Rio de Janeiro, Brazil (June 26, 1998), University of Barcelona, Spain (June 21, 1999), Texas A&M University (September 21, 2000), University of California at Los Angeles (December 5, 2000).
- “Constructing Unit Root Tests with Good Size and Power,” Pontificia Católica Universidade de Rio de Janeiro, Brazil (March 21, 1997), Universidade de São Paulo, Brazil (April 25, 1997).
- “Unit Roots and Cointegration Issues With Strong Serial Correlation or Abrupt Governmental Interventions,” XVII Encontro Brasileiro de Econometria, Salvador, Brasil (December 14, 1995).

- “Unit Roots in the Presence of Abrupt Governmental Interventions with an Application to Brazilian Data,” Universidade de Sao Paulo, Campus de Riberio Preto (November 1995), Journées PARADI, Montréal (October 14, 1995), Université de Bourgogne, Dijon (May 9, 1996).
- “An Autoregressive Spectral Density Estimator at Frequency Zero for Nonstationarity Tests,” World Congress of the Econometric Society, Tokyo, Japan (August 26, 1995), Canadian Econometric Study Group, Waterloo (September 21, 1996), Harvard/MIT Econometric Workshop (October 10, 1996).
- “Estimation and Inference in Nearly Unbalanced Nearly Cointegrated Systems,” Conference on “Topics in Empirical Macroeconomics”, Ebeltoft, Denmark (June 3, 1995), Pontificia Universidade Catolica Rio, Brasil (November 17, 1995), CREST-INSEE, Paris (April 4, 1996), GREQAM, Marseille (May 24, 1996).
- “Racines Unitaires: Quelques Développements Récents et Problèmes Non Résolus,” Société Canadienne de Sciences Économiques, Lac Delage (May 9, 1995).
- “Estimating and Testing Linear Models with Multiple Structural Changes,” McGill University (December 12, 1994), North American Winter Meeting of the Econometric Society (Washington, January 8, 1995), Pontificia Universidade Catolica (Rio, Brasil, March 30, 1993), Universidade de São Paulo, Brasil (April 28, 1995), Institute of Economics, University of Copenhagen (June 8, 1995), Joint Annual Meeting of the Canadian Statistical Association and the Institute of Mathematical Statistics, Montréal (July 12, 1995), Conference on Recent Advances in Econometrics, Hitotsubashi University, Japan (August 31, 1995), Université de Lausanne (January 11, 1996), European University Institute (February 19, 1996), Séminaire Malinvaud, CREST-INSEE, Paris (March 25, 1996), University of York, England (May 15, 1996), Université de Montréal (October 16, 1996).
- “Nonstationarities and Nonlinearities in Canadian Inflation,” Bank of Canada (October 30, 1993), Université de Montréal, Journée Roger Dehem (November 1993).
- “Useful Modifications to Some Unit Root Tests with Dependent Errors and their Local Asymptotic Properties,” 5th Workshop on Time Series Econometrics, University of Sao Paulo, Brasil (July 5, 1993), Université Libre de Bruxelles (May 6, 1994), Université Catholique de Louvain, CORE, Louvain (May 11 1994), University of Aarhus, Denmark (May 24 1994), University of Amsterdam (May 26 1994).
- “Unit Root Tests in ARMA Models with Data Dependent Methods for the Selection of the Truncation Lag,” Cornell University (March 30, 1993), Pontificia Universidade Catolica (Rio, Brasil, July 2, 1993), Canadian Econometric Workshop (Toronto, September 25, 1993), $(EC)^2$ Conference (Oxford, December 17, 1993), North American Winter Meetings of the Econometric Society, Boston (January 4, 1994), The Johns

Hopkins University (April 12, 1994), Université Libre de Bruxelles (May 31, 1994), University of Rochester (October 7, 1994), Boston University (October 27, 1994), Wayne State University (December 2, 1994).

- “Trend, Unit Root and Structural Change in Macroeconomic Time Series,” Congrès de la Société Canadienne de Sciences Économiques, UQAM, Montréal (May 21, 1993), Pontificia Universidade Catolica, Rio, Brasil (June 28, 1993), York University (December 3, 1993), Université d’Ottawa (April 15, 1994), Latin American Meetings of the Econometric Society, Caracas, Venezuela (August 3, 1994), University of Waterloo (November 3, 1994), McMaster University (November 4, 1994), Universidade de São Paulo, Brasil (March 16, 1995), Fundação Getulio Vargas, Rio de Janeiro, Brazil (April 18, 1995), Tokyo International University (August 28, 1995).
- “Trend, Unit Root and Structural Change: A Multi-Country Study with Historical Data,” Meetings of the American Statistical Association, Boston (August 11, 1992), UQAM (December 1992).
- “A Test for Changes in a Polynomial Trend Function for a Dynamic Time Series,” Harvard-MIT Econometric Workshop (April 11, 1991), University of California at San Diego (April 23, 1991), Northwestern University (May 14, 1991), University of Chicago (May 15, 1991), Canada Statistics ’91, Concordia University, Montréal, (May 25, 1991), The NBER Summer Workshop (July 11, 1991), Université de Montréal (August 29, 1991), Columbia University (September 30, 1991), 1992 Winter Meeting of the Econometric Society, New Orleans (January 3, 1992), Queen’s University (March 24, 1992).
- “Pitfalls and Opportunities: What Macroeconomists Should Know About Unit Roots,” NBER Annual Macroeconomics Conference, Cambridge (March 8, 1991), Board of Governors of the Federal Reserve System, Washington (November 14, 1991).
- “The Adequacy of Limiting Distributions in the AR(1) Model with Dependent Errors,” Princeton University (November 1989), Université de Montréal (November 1989), University of Pennsylvania (February 27, 1990), Duke University, Econometrics Research Triangle Workshop (March 27, 1990), University of Western Ontario (April 6, 1990), Yale University (April 18, 1990), North American Summer Meeting of the Econometric Society, Philadelphia (July 1, 1991).
- “Further Evidence from Breaking Trend Functions in Macroeconomic Variables,” Université du Québec à Montréal (March 21, 1990), Princeton University (April 23, 1990), the National Bureau of Economic Research Summer Workshop (Cambridge, July 9, 1990), 1990 North American Winter Meeting of the Econometric Society Washington, DC (December 28, 1990), University of California at San Diego (April 25, 1991), International Conference on Econometrics of Nonstationary Models and Cointegration, Paris (June 13, 1991).

- “Nonstationarity and Level Shifts with an Application to Purchasing Power Parity,” Pittsburgh University (November 28, 1990).
- “An Analysis of the Real Interest Rate under Regime Shifts,” National Bureau of Economic Research Summer Workshop, Cambridge (July 1989), Rutgers University (November 1989).
- “The Great Crash, the Oil Price Shock and the Unit Root Hypothesis,” Montréal Econometric Workshop (November 1987), the McGill University Conference on Approaches to the Business Cycles (March 1988), the National Bureau of Economic Research (May 1988), the Canadian Economic Association Meetings (June 1988), the Econometric Society Meetings (December 1988).
- “Testing for a Unit Root in a Time Series Regression with a Changing Mean,” Congrès de la Société Canadienne de Sciences Économiques, Lac Delage (May 1988).
- “The Humped Shaped Behavior of Macroeconomic Fluctuations,” Bank of Canada (June 1988), The Ohio State University (November 1989), The 1989 Econometric Society Winter Meeting, Atlanta (December 1989).
- “A Continuous Time Approximation to the Unstable First-order Autoregressive Model: the Case Without an Intercept,” Université de Montréal, (August 1988), The Canadian Econometric Workshop, McMaster University (October 1989).
- “A Continuous Time Approximation to the Stationary First-order Autoregressive Model,” Université de Montréal (November 1988).
- “Test Consistency with Varying Sampling Frequency,” 1987 Summer Meeting of the Econometric Society (Berkeley, June 1987), the Canadian Econometric Study Group (Waterloo, September 1987), the University of Ottawa (October 1987), the University of Guelph (October 1987).
- “The Exact Error in Estimating the Spectral Density at the Origin,” National Bureau of Economic Research Summer Institute (June 1987).
